Kingswood London Ltd

## PROJECT SPOTLIGHT GOLF ROAD SIDCUP

This project was one we truly enjoyed. We conducted a partial demolition and subsequently rebuilt this family home to high specifications. The client was extremely satisfied with the final outcome.

## PROPERTY MAINTENANCE SERVICES

We cover all aspects of property maintenance, including emergency repairs, routine checks, and preventative maintenance. Our team is skilled in identifying potential issues before they escalate, helping our clients avoid costly repairs down the line.

## Google Review

I've been dealing with this company for the past couple of months now and I cant rate them high enough for the level of work and commitment they have shown me. My technician was named Lee and he was absolutely faultless!! I suffer with health issues and I couldn't have asked for a more thorough job! He was amazing! And a real asset to the company!!! Thank you so much!!!

## CUSTOMER REVIEWS

Customer reviews foster trust and demonstrate our commitment to delivering quality results. They instill confidence in potential clients when selecting our services and enhance our reputation as a reliable and high-quality provider.

## FIRE HAZARDS

In our recent home maintenance work, we've found many flats where soil and vent pipes pass through multiple floors without proper fire protection. Without these safeguards, these pipes can become pathways for fire and smoke, allowing them to spread quickly between levels. This oversight not only poses a serious safety risk to residents but can also lead to extensive property damage in the event of a fire.
